

For Immediate Release

BIZLINK
Exhibition Services Pte Ltd

Media Release

SINGAPORE – PrintPack+Sign (PP+S) 2015 is the only event in Singapore that showcases the latest industry equipment, materials, creative ideas, designs and services.

Sparked by the need to respond to dynamic market changes and new innovative technologies in the printing, packaging and signage sectors worldwide, Singapore aims to open up significant opportunities, through a dedicated trade show.

Organised by BizLink Exhibition Services Pte Ltd, the three day event will take place from 29 to 31 July at Marina Bay Sands, Sands Expo and Convention Centre, Level 1 Hall B.

[The latest machines, digital printing technology, and creative signage & packaging](#)

Through Epson's digital printing offerings utilising the latest technology, find out how you can launch creative marketing campaigns with personalised impact such as wine bottles with personalised messages, customised car wraps, printing your favourite graphics on tees, and etc.

In addition, don't miss the industry's first White Toner Printers by OKI. Revolutionising digital printing, white toner printing offers designers, graphics studios, point-of-sale manufacturers and a range of other graphics based businesses a new flexibility in their printing, proofing and production, enabling them to print in-house what they need, when they need it.

"The World's Fastest Large Format Printer" by Hewlett Packard will also be showcased at PP+S 2015 by USC Solutions Pte Ltd. This revolutionary machine is one of the fastest (prints up to 30 A1 pages per minute) and most efficient ways to print in bulk. Its prints are also fade and moisture resistant.

[Reduce document output cost, improve productivity through managed print services](#)

A market leader in the managed print services segment, Konica Minolta Business Solutions brings together unparalleled advances in security, print quality and network integration via its award-winning line of bizhub® multifunction products (MFPs); bizhub PRESS® and bizhub PRO® production print systems; and printers.

Look out also for RISO! It's newest ComColor high-speed colour printer line has features catering for varied applications which include colour scanning, on-line stapling/ saddle stitching, folding, hole-punching, binding, envelope-inserting and sealing. Offering enormous power savings, its heatless imaging is also ENERGY STAR® certified and eco-friendly.

Walk the show floor to discover the latest technologies, watch live machine demonstrations, and attend informative seminars on printed electronics, print management applications, and packaging design conducted by experienced presenters.

Apart from attendees from the printing, packaging and signage arena, PP+S is also targeted at direct corporate buyers from the advertising, design, entertainment, retail, education, F&B, healthcare, IT, shipping & transport industries.

Admission is free and restricted to trade and corporate buyers only. Visitors may register on-site on show days by presenting their business card at the registration counters.
