PrintPack+Sign premieres this July in Singapore!

SINGAPORE – PrintPack+Sign (PP+S) 2015 is the only event in Singapore that showcases the latest industry equipment, materials, creative ideas, designs and services. Taking place from 29 – 31 July 2015 at the Marina Bay Sands Expo & Convention Centre, Singapore, the 3-day trade event is a must for anyone involved in the industry to network, share knowledge and expertise, and do business.

In response to the dynamic market and new innovative technologies in the printing, packaging and signage sectors worldwide, Singapore aims to open up significant opportunities through a dedicated trade show to serve these industries.

Industry players are increasingly aware of the importance of raising productivity and profitability through the sharing of knowledge and resources, and PP+S provides a platform for them to come together and bring a greater focus to the entire sector. A trade exhibition allows attendees to engage face-to-face with exhibitors and experience the latest solutions first-hand.

Visitors can watch live machine demonstrations on the show floor, attend informative seminars conducted by experienced presenters, and interact with fellow peers in the profession. Apart from attendees from the printing, packaging and signage arena, PP+S is also targeted at direct corporate buyers from the advertising, design, entertainment, retail, education, F&B, healthcare, IT, shipping & transport industries. More than 10,000 trade visitors are expected to attend.

Admission is free. Trade buyers seeking to visit should pre-register online at www.PrintPackSign.com/Visitor-Registration before 27 July 2015.
